

**FATHER PATRICK MERCREDI HIGH SCHOOL
SAFETY PLEDGE FORM**

I, _____ as a student enrolled in **FABRICATION STUDIES**, understand that in order to successfully complete this course I will operate potentially dangerous machinery. I will not be permitted to operate such machinery until I have received instruction in its use **and** obtained written consent from a parent or legal guardian to be present in the shop to receive said instruction.

It is understood that each student will be given expert instruction, both in correct safety procedures and use of equipment required to complete the above course.

It is the student's responsibility to adhere to the items contained both within this safety pledge and passed on verbally. Failure to do so could result in the serious injury or death of themselves and/or others.

1. I will follow all policies, procedures or safety rules as they apply to school, classroom and shop floor practices.
2. I will not use a machine unless I have been instructed in its use and have demonstrated a full understanding of safety issues relating to the equipment item either in written or verbal form.
3. I will act in a manner that does not put myself or others at personal risk **at all times**.
4. I will report any accident or injury to an instructor or adult supervisor immediately.
5. I will report any and all unsafe conditions or acts, which put myself and/ or others at personal risk, to an instructor or adult supervisor immediately.
6. I understand that before being permitted onto the shop floor I must be correctly attired and wearing all personal protective equipment (PPE). This includes safety glasses, earplugs, gloves and coveralls. No synthetic clothing or plastic contact lenses will be permitted nor will any jewelry or attire that is deemed to present a possible hazard while operating any machinery.
7. I understand that I will need to complete the first 6 assignments of the FAB 1010 module and score 90% or better in each of the three separate safety exams before I am permitted onto the shop floor.
8. I understand that failure to comply with any of the above items will result in my immediate removal from the shop floor and removal from fabrication studies.

Student Signature: _____ Date: _____

I have read and understood the pledge that my Son/Daughter/Charge has taken and endorse the commitment they have made.
